GRADE 10: REGISTER

- ▶ If a student falls behind academically, they should ask their counselor for help finding approved courses they can take.
- ▶ Students can register for a Profile Page or Certification Account with the NCAA Eligibility Center at eligibilitycenter.org.

INITIAL-ELIGIBILITY STANDARDS

The NCAA's commitment to academics ensures students are better equipped to succeed in college and prepare for lifelong success. Students need to meet the following academic requirements to be eligible to compete in college sports.

WHAT IS A CORE COURSE?

- ▶ NCAA core courses include courses that:
 - ▶ Qualify for high school graduation in English, mathematics (Algebra 1 or higher), natural or physical science, social science, foreign language or comparative religion or philosophy.
 - ▶ Are considered four-year college preparatory.
 - ▶ Are taught at or above the high school's regular academic level.
 - ▶ Are taught by a qualified instructor.

WHAT IS A NONTRADITIONAL COURSE?

- ▶ Course taught through:
 - ▶ The internet (online or virtual).
 - ▶ Distance learning.
 - ▶ Independent study.
 - ▶ Individualized instruction.
 - ▶ Correspondence.
 - ▶ Computer software programs.
 - ▶ Other similar means.

THINGS TO CONSIDER BEFORE TAKING NONTRADITIONAL COURSES

- ▶ The courses must meet NCAA core-course requirements and be on an NCAA-approved core-course list.
- ▶ The courses must have ongoing and regular teacher-initiated interaction for the purposes of teaching, evaluating and providing assistance throughout the duration of the course.
 - ▶ This may include synchronous or asynchronous instructive interaction, including emails, video conferencing, online chats, phone calls and feedback on assessments.
- ▶ The courses must have a defined time period for completion.
 - ▶ This means the nontraditional program must identify the fastest and slowest paths to successfully complete a course (i.e., maximum and minimum time frame for completion).

DIVISION I: INITIAL-ELIGIBILITY ACADEMIC REQUIREMENTS

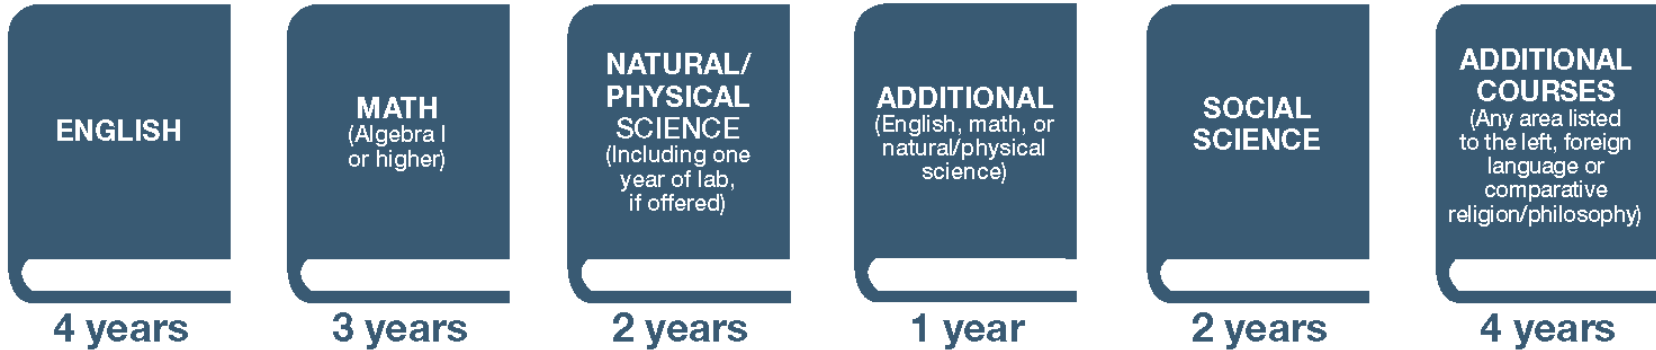

- ▶ To play Division I sports, students need to meet the following academic requirements:
 - ▶ Complete 16 NCAA-approved core courses in the correct subject distribution.
 - ▶ Graduate high school on time.
 - ▶ Earn a minimum core-course GPA of 2.300.
 - ▶ Earn a combined SAT or ACT sum score that matches their core-course GPA on the Division I sliding scale.

AMATEURISM

 - ▶ Contracts with professional teams.
 - ▶ Salary for participating in athletics.
 - ▶ Prize money above actual and necessary expenses.
 - ▶ Play with professionals.
 - ▶ Tryouts, practice or competition with a professional team.
 - ▶ Benefits from an agent or prospective agent.
 - ▶ Agreement to be represented by an agent.
 - ▶ Delayed initial full-time collegiate enrollment to participate in organized sports competition.

SPORTS PARTICIPATION

- ▶ When students register with the NCAA Eligibility Center for a Certification Account, they must:
 - ▶ Select the sport(s) they would like to play in college.
 - ▶ Complete questions about sports participation.
 - ▶ Update their information frequently if they play for multiple teams or attend events outside the traditional high school setting.
 - ▶ Request final amateurism certification before they enroll full time at a Division I or Division II school.
- ▶ *Note:* Over **94 percent** of students don't require additional amateurism questions from the NCAA Eligibility Center after they request final amateurism.

HOW CAN YOU HELP?

Annually – Fall

- ▶ Ensure any nontraditional programs (credit recovery, virtual or online courses, etc.) offered at your school have been reviewed. Contact the NCAA Eligibility Center to discuss your programs and initiate a review.

Annually – Spring

- ▶ Upload official transcripts at the end of the students' sixth semester (junior year) and when they graduate from high school. We will review a four-semester transcript to provide a preliminary review. It helps to be proactive!

HIGH SCHOOL COUNSELOR QUICK TIPS

High school counselors play a vital role in preparing students for college academically. Here is a quick overview of the NCAA Eligibility Center process to help guide student-athletes and ensure they are ready for college sports.

THE ROLE OF THE HIGH SCHOOL COUNSELOR

Ongoing

- Maintain your school's [NCAA account](#) to ensure it is accurate and up-to-date. Updates are easy from within your school's High School Portal account. Be mindful of approved and non-approved courses when helping students develop their schedules.
- Validate student registration fee waivers via the [NCAA High School Portal](#) when applicable. If a student qualified for an SAT or ACT fee waiver, they qualify for a registration fee waiver with the NCAA Eligibility Center.

Other Helpful Items to Know

- To be eligible to compete in Division I, students must earn a minimum core-course GPA of 2.3 with a corresponding test score on the sliding scale and meet the core-course progression and distribution requirements. Students hoping to compete in Division II must earn a minimum core-course GPA of 2.2 with a corresponding test score on the sliding scale and meet the core-course distribution requirement.
- More information about initial-eligibility standards for Divisions I and II, including core-course requirements and minimum scores, can be found at [ncaa.org/student-athletes/future](#).
- Ensure any nontraditional programs (credit recovery, virtual or online courses, etc.) offered at your school have been reviewed by the NCAA Eligibility Center.
